

It's given me lots to think about but more than that, lots of tangible actions I can take. I'd say it's already had a positive impact on me and I'm excited to see the results on the business **Jon Hyatt, Hendra Holiday Park**

LAB DATES
**2 SESSIONS:
18th March &
24th April**

OVERVIEW OF TOPIC

Future Leaders Lab

This Lab series will empower you as a leader to thrive in the volatile, uncertain world we live in. In a peer group of business leaders, we will explore 'change' and how it can be navigated effectively for both you and your teams. You will gain a clear understanding of your strengths as a leader of change and get to grips with a proven model for planning and delivering change. Following this, you are invited to take part in a webinar and series of interactive sessions exploring new technologies and innovations happening now that will affect the way we do business. The series will be delivered by future leaders' experts, Neil Willson and Frank Meehan.

WHAT WILL BE COVERED?

Along with your peers you will:

- Explore how you can make your best contribution to change.
- Identify your specific strengths as a change -maker. What does this mean for the team around you?
- Understand how to lead your team/business through change successfully.
- Learn about new technologies and innovations in business, the challenges and opportunities presented, and how these will alter the world of business.
- Join an exclusive and invite-only digital community, created specifically for this programme.
- Access bite-sized resources, gamified learning and peer-to-peer support; on-the-go, as and when you need it!
- Participate in a peer-group webinar to reinforce learning, stimulate thinking and encourage accountability for change.

OUTCOMES

Join a powerful network of like-minded business owners and decision makers and together we will explore the business you want in the future. You will have the opportunity to discuss and reflect on your leadership techniques and 'change' processes, coming away inspired with new methods future proofing your business. Plus with support from your Business Development Manager you'll have access to a range of resources, including some potential follow on coaching. Interactive workshops
